INDEPENDENT AUDITORS' REPORT

To the Board of Directors Centennial Place Academy, Inc.

Opinion

We have audited the accompanying statements of Centennial Place Academy, Inc (the School), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Centennial Place Academy, Inc as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Centennial Place Academy, Inc and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the School's internal control. Accordingly,
 no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

1. ORGANIZATION AND BUSINESS

Centennial Place Academy, Inc. (the Company) is a 501(c)(3) Georgia not-for-profit corporation organized to operate Centennial Academy, a conversion charter school serving K through 8 (the School) located near downtown Atlanta. The Company was incorporated as Integral New Schools Atlanta, Inc. and changed its name to Centennial Place Academy, Inc. on December 2, 2014.

The School became the first conversion charter school in the Atlanta Public Schools (APS) District, having been granted an initial charter (Charter) by APS and the State of Georgia Department of Education (DOE) in February 2014. The charter authorizes the School to operate as a charter school under the APS system, provided the School operates within the guidelines of the charter in the APS District in accordance with the terms and conditions of the Charter. The term of the initial charter was for five years, from July 1, 2014 through June 30, 2019. Pursuant to the charter, the School added grades 6, 7 and 8 in fiscal years 2015, 2016 and 2017, respectively. The Company, on behalf of the School applied to APS and the DOE and was awarded an additional five-year term from July 1, 2019 to June 30, 2024. The renewed and extended charter (Renewed Charter) requires the School to meet certain academic, operational and financial performance standards. As of June 30, 2022 and 2021, the School is in compliance with these financial performance standards.

The School receives its principal financial support from APS in the form of an allocation of Quality Basic Education (QBE) funding and supplemental local funding per the terms of the School's Renewed Charter. Under the Renewed Charter, APS is required to fund the School no less favorably than other local schools located within the school system unless otherwise provided by law. The per-pupil base funding amount in the petition budget is the school system's good-faith estimate for the charter term. Based on these estimates, APS is required to fund the School at no less than a per-pupil base rate of \$12,762 as long as the school system receives state and local revenues upon which the approved school budget is based. The student count that is used in the allocation formula is initially based on the prior end of the year's enrollment and is adjusted to reflect actual enrollment numbers as of the first Tuesday of October and the first Thursday of March of each fiscal year. The primary attendance zone for the School is open to students residing within the specified boundaries of the School prior to conversion. The secondary attendance zone for the School is open to students residing in the APS District attendance zone. The School's actual student count fluctuates during the school year, given the make-up of its primary attendance zone, which includes three homeless shelters that serve families with children. The School receives QBE funding from APS for the school year in 10 monthly installments from August to May.

To support the additions of grades 6, 7 and 8, discussed above, and the enhancement of the School's academic offerings and professional development opportunities to the educational staff, the Company's Board of Directors launched a capital campaign, in fiscal year 2015, to raise \$3.5 million in order to lease the learning lofts and to build out the supportive infrastructure; renovate the existing building; enhance its academic offerings and provide professional development opportunities to the educational staff. Additionally, the School raised additional grant funds to augment its funding from APS and the total annual cost of the School's complete educational programs. Since its inception, the School has raised approximately \$4,500,000.

1. ORGANIZATION AND BUSINESS - CONTINUED

The School's vision is to be a learning community in which all scholars realize their full potential, graduating prepared and motivated for future success. As such, the mission of the School is to create a culture of opportunity and discovery in which scholars are developed into creative, critical thinkers with the vision and courage to impact a global society. The School's core values of Excellence, Integrity, Community, Collaboration, and Life-long Learning supports its philosophy of "Whole Child Education." The curriculum is focused around STEAM (Science, Technology, Engineering, Arts and Mathematics) and project-based inquiry learning strategies that readily extend beyond the School's campus borders to engage the resources of its neighboring institutional partners.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the School have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables and other liabilities at year-end. Net assets, revenues, expenses, gains and losses are recorded based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the School and changes therein are classified and reported as follows:

Without Donor Restrictions – Net assets that are not subject to donor-imposed restrictions.

Board Designated – Net assets without donor restrictions designated by the Board of Directors (the Board) to be held for specified purposes. The Board can elect to remove these designations in the future.

With Donor Restrictions – Net assets subject to donor-imposed stipulations that may or will be met either by actions of the School and/or passage of time.

Comparative Statements

The amounts shown for the year ended June 30, 2021, in the accompanying financial statements are included to provide a basis for comparison with 2022 and present summarized totals only. Accordingly, the 2021 totals are not intended to present all information necessary for a fair presentation in conformity with accounting principles generally accepted in the United States of America (GAAP). Such information should be read in conjunction with the School's financial statements for the year ended June 30, 2021, from which the summarized information was derived. An unmodified opinion was expressed on the June 30, 2021 financial statements.

Contributions

The School records gifts of cash and other assets as without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions in the statement of activities as net assets released from restrictions. All contributions and unconditional promises to give which do not have donor restrictions as to purpose or time are classified as contributions without donor restrictions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Contributions – Contributions

The School uses the allowance method to determine the uncollectible grants receivable. The allowance is based on management's analysis of specific promises made. No allowance was deemed necessary for the years ended June 30, 2022 and 2021.

Contributed Services

Contributed services are recognized if the services received (a) create or enhance non-financial assets or (b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. Many individuals volunteer their time and perform a variety of tasks that assist in the School's activities. The School receives numerous volunteer hours each year that are not valued in the financial statements because the services do not meet the criteria.

Contributed Use of Facilities

The School's building is provided by APS at no cost, per Georgia state law. The lease term with APS is for five years running concurrently with the Renewed Charter term, from July 1, 2019 to June 30, 2024. Contribution revenue and related program expense have not been recognized in the accompanying statement of activities because the fair value cannot be reasonably estimated.

Revenue Recognition

Revenue from APS and program fees are recognized in the period the service is delivered. Revenue from reimbursement basis grants is recognized as related expenditures are made.

Property and Equipment

The School capitalizes all expenditures for furniture, fixtures and equipment in excess of \$1,000. Leasehold improvements are recorded at cost and are depreciated using straight-line methods over the life of the facilities lease. Furniture and equipment are recorded at cost or fair value, if donated, and are depreciated using straight-line methods over their estimated useful lives as follows:

Furniture and equipment 7 years
Leasehold improvements 6-14 years
Technology equipment 5 years

Tax Status

The School is exempt from income taxes under Section 501(c)(3) of the U.S. Internal Revenue Code (IRC) and is classified as an organization, which is not a private foundation under Section 509(a) of the IRC. The School qualifies for the charitable contribution deduction.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain indirect costs have been allocated among the programs and supporting services benefited. Personnel costs have been allocated based on estimates of time and effort.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Concentrations of Credit and Market Risk

Financial instruments that potentially expose the School to concentrations of credit and market risk consist of cash. At times the School's cash balances exceed the federally insured limit; however, the School has not experienced any losses with respect to its bank balances in excess of the government provided insurance.

As of June 30, 2022, 100% of grants receivable is from one donor and 86% of the School's 2022 grants and contributions were attributable to two donors. As of June 30, 2021, 88% of grants receivable is from one donor and 72% of the School's 2021 grants and contributions were attributable to three donors.

Fair Values of Financial Instruments

The School estimates that the carrying amount for cash, accounts receivable and accounts payable approximates fair value because of the short-term nature of these instruments.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recently Issued Accounting Standards

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-02, Leases, increasing transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statements of financial position and disclosing key information about leasing arrangements. The amendments in this update are effective for fiscal years beginning after December 31, 2021. The School is currently evaluating the effects that the provisions of ASU No. 2016-02 will have on the School's financial statements.

Reclassifications

Certain 2021 amounts have been reclassified to conform to the 2022 presentation. These reclassifications had no effect on net assets as previously reported.

Events Occurring After Report Date

Management has evaluated events and transactions that occurred between June 30, 2022 and DATE, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

3. PROPERTY AND EQUIPMENT

Property and equipment at June 30, 2022 and 2021 is composed of the following:

| | 2022 | 2021 |
|-------------------------------|-------------|-----------------|
| Leasehold improvements | \$ 2,689,48 | 33 \$ 2,292,053 |
| Technology equipment | 1,178,85 | 1,058,494 |
| Furniture and equipment | 808,07 | 70 664,391 |
| Less accumulated depreciation | (2,814,36 | (2,314,277) |
| Net property and equipment | \$ 1,862,03 | 36 \$ 1,700,661 |

Modular units and installation costs are included in leasehold improvements. See Note 6.

Depreciation expense of \$500,090 and \$408,227 was recorded for the years ended June 30, 2022 and 2021, respectively.

4. GRANTS RECEIVABLE

Grants receivable at June 30, 2022, are due to be received in the following year.

5. RESTRICTIONS AND DESIGNATIONS ON NET ASSETS

At June 30, 2022 and 2021, \$800,000 and \$700,000, respectively, of net assets without donor restrictions were designated by the Board for operating reserves.

There were no net assets with donor restrictions at June 30, 2022 and 2021.

No net assets with donor restrictions were released from restrictions during the year ended June 30, 2022. Net assets with donor restrictions released from restrictions during the year ended June 30, 2021, were \$42,208 for early learning program and \$25,000 for other projects.

6. COMMITMENTS

Lease Agreements

The School leased modular units (learning lofts) under non-cancelable operating leases with options to renew. Rent expense for the years ended June 30, 2022 and 2021 amounted to approximately \$106,000 and \$152,000, respectively, and is included in facilities expenses on the statement of activities. The modular unit leases were on month-to-month renewal periods until December 31, 2021, when the School terminated the lease agreements and purchased the lofts. See Note 3.

6. COMMITMENTS - CONTINUED

Lease Agreements – Continued

The School has a non-cancelable operating lease for office equipment. The lease requires monthly lease payments totaling \$2,489. Rent expense for the years ended June 30, 2022 and 2021 amounted to approximately \$30,000. Future minimum lease payments for office equipment are as follows:

For the Year Ending June 30,

| 2023 | \$ | 29,872 |
|------|----|---------|
| 2024 | | 29,872 |
| 2025 | | 29,872 |
| 2026 | | 24,893 |
| | \$ | 114,509 |

Contract with APS

The School has an annual operational service agreement with APS for the years ended June 30, 2022 and 2021. The terms of the agreement required APS to provide the following for the year:

- 1. Certain facilities maintenance and repair services for actual costs.
- 2. Nutrition services.
- Certain technology supported services for cost as described in the Buyback Services Guide (a directory of goods and services available for direct purchase from APS and other vendors).

At June 30, 2022 and 2021, \$59,910 and \$244,545, respectively, was payable to APS for these services and are included in accounts payable and accrued expenses.

7. RETIREMENT PLAN

The School participates in the Teachers Retirement System of Georgia (TRS). TRS, a cost-sharing multiple employer defined benefit plan, is administered by the TRS Board of Trustees. Participation is available to all full-time public school employees as defined by the Plan. Participant employees contributed 6% of their annual salary in the years ended June 30, 2022 and 2021. The School contributed 19.81% and 19.06% of each participant's annual salary for the years ended June 30, 2022 and 2021, respectively. Employer contributions totaled approximately \$1,132,000 and \$1,202,000 for the years ended June 30, 2022 and 2021, respectively.

8. GRANTS AND CONTRIBUTIONS

The School raised grants and contributions to fund capital costs and program enhancement and expansion as well as operating costs as follows during the years ended June 30:

| Purpose | 2022 | 2021 | 2020 | 2019 | 2018 | 2017 | 2016 | 2015 | Total |
|------------------------------|-----------|------------|------------|------------|------------|--------------|------------|-------------|--------------|
| Capital campaign | \$ - | \$ - | \$ - | \$ - | \$ 15,000 | \$ - | \$ 310,000 | \$2,337,000 | \$ 2,662,000 |
| Science and technology Staff | - | 25,061 | - | 251,683 | - | - | 100,000 | 22,140 | 398,884 |
| development | - | - | - | 15,000 | 20,570 | 85,000 | - | - | 120,570 |
| Early learning | - | - | - | - | - | 850,000 | - | - | 850,000 |
| Other | 91,837 | 87,362 | 115,021 | 27,878 | 88,976 | 85,378 | 250 | 3,000 | 499,702 |
| | \$ 91,837 | \$ 112,423 | \$ 115,021 | \$ 294,561 | \$ 124,546 | \$ 1,020,378 | \$ 410,250 | \$2,362,140 | \$ 4,531,156 |

9. LIQUIDITY AND FUNDS AVAILABLE

The following table reflects the School's financial assets as of June 30, 2022 and 2021, reduced by amounts not available for expenditure within one year. Financial assets are considered unavailable when illiquid or not convertible to cash within one year.

| | 2022 | 2021 |
|---|--------------|--------------|
| Cash | \$ 4,850,172 | \$ 3,591,369 |
| Receivables | 2,827,347 | 2,329,255 |
| Financial assets, at year end | 7,677,519 | 5,920,624 |
| Less: assets unavailable for general expenditures within one year due to: | | |
| Board designated | 800,000 | 700,000 |
| Contractual or donor-imposed restrictions: | | |
| Net assets with donor restrictions | | |
| | 800,000 | 700,000 |
| Financial assets available to meet cash needs for | | |
| general expenditures within one year | \$ 6,877,519 | \$ 5,220,624 |

The School is supported in part by contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the School must maintain sufficient resources to meet those responsibilities to donors. Therefore, certain financial assets may not be available for general expenditures within one year. As part of the School's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. Board designated amounts could be made available if necessary.

10. FEDERAL CORONAVIRUS AID AND RELIEF

In early 2020, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. As a result, there have been mandates from federal, state and local authorities resulting in an overall decline in economic activity.

On March 27, 2020, in response to the pandemic, the President signed into law the Coronavirus Aid, Relief and Economic Security Act (CARES). In the weeks that followed, The School applied for and received a \$1,659,400 Paycheck Protection Program (PPP) loan granted by the Small Business Administration. The School has elected to account for the PPP loan as a conditional contribution in accordance with the guidance provided by FASB ASU 2018-08 Not-for-Profit Entities (Topic 958). Under the guidance a conditional contribution includes one or more barriers that must be overcome for the recipient to be entitled to the assets transferred and a right-of-return of the asset if a barrier to entitlement is not met. The barriers for a PPP loan require that qualifying expenses must be incurred (compensation, mortgage interest, rent and utilities) and that the recipient maintains employee headcount and compensation levels at pre-established levels. If these barriers are not met, the recipient will be required to repay the loan over a specified period of time.

At June 30, 2020, the School believed it had met the conditions of a portion of the grant and that all of the loan would be ultimately forgiven. Therefore, a portion totaling \$962,434 was recognized as grant revenue in the statement of activities and the remaining balance of \$696,966 was recorded as deferred revenue on the statement of financial position at June 30, 2020. In November 2020, the School was granted full forgiveness of the grant and recognized \$696,966 of grant revenue for the year ended June 30, 2021.

In June 2020 the School was allocated CARES funding through the Elementary and Secondary School Emergency Relief Fund (ESSER) totaling \$326,693. The funds were used for COVID-19 related costs, as directed by APS and were retroactive to March 13, 2020, and are available through September 2022. The School recognized \$326,693 as revenue on the statement of activities as of June 30, 2021.

In February 2021 the School was allocated additional ESSER funding \$1,277,338. The funds are retroactive to March 13, 2020, and will be available through September 2023. As of June 30, 2021, the School recognized \$1,277,338 as revenue on the statement of activities.

In May 2021, the School was allocated additional ESSER funding \$2,868,719. The funds are retroactive to March 13, 2020, and will be available through September 2024. As of June 30, 2022 and 2021, the School recognized \$1,780,564 and \$764,604, respectively, as revenue on the statement of activities.

SUPPLEMENTARY INFORMATION

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION

To the Board of Directors Centennial Place Academy, Inc.

We have audited the financial statements of Centennial Place Academy, Inc. as of and for the year ended June 30, 2022, and our report thereon dated DATE, which expressed an unmodified opinion on those financial statements appears on page 1. Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental statement of net position, statement of activities, balance sheet - governmental funds, statement of revenue, expenditures and changes in fund balances - governmental funds and related reconciliations and selected notes are presented in accordance with Government Accounting Standards Board pronouncements as required by The Atlanta Public Schools and the Georgia Department of Education and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

| End of year balance | \$ 1,178 | ,850 | \$ | 707,802 |

2. RETIREMENT PLAN

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Teachers Retirement System of Georgia (TRS) and additions to/deductions from TRS's fiduciary net position have been determined on the same basis as they are reported by TRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

2. RETIREMENT PLAN - CONTINUED

Plan Description

All teachers of the Atlanta Public School District (the District) as defined in §47-3-60 of the Official Code of Georgia Annotated (O.C.G.A.) and certain other support personnel as defined by §47-3-63 are provided a pension through the TRS. TRS, a cost-sharing multiple employer defined benefit pension plan, is administered by the TRS Board of Trustees (TRS Board). Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. TRS issues a publicly available financial report that can be obtained at www.trsga.com/publications.

Benefits Provided

TRS provides service retirement, disability retirement, and death benefits. Normal retirement benefits are determined as 2% of the average of the employee's two highest paid consecutive years of service, multiplied by the number of years of creditable service up to 40 years. An employee is eligible for normal service retirement after 30 years of creditable service, regardless of age, or after ten years of service and attainment of age 60. Ten years of service is required for disability and death benefits eligibility. Disability benefits are based on the employee's creditable service and compensation up to the time of disability. Death benefits equal the amount that would be payable to the employee's beneficiary had the employee retired on the date of death. Death benefits are based on the employee's creditable service and compensation up to the date of death.

Contributions

Per Title 47 of the O.C.G.A., contribution requirements of active employees and participating employers, as actuarially determined, are established and may be amended by the TRS Board. Pursuant to O.C.G.A. §47-3-63, the employer contributions for certain full-time public school support personnel are funded on behalf of the employer by the State of Georgia. Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Employees were required to contribute 6.00% of their annual pay during fiscal year 2022. The School's contractually required contribution rate for the year ended June 30, 2022, was 19.81% of annual School payroll. The School's contributions to TRS were \$1,132,202 for the year ended June 30, 2022.

2. RETIREMENT PLAN – CONTINUED

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the School reported a liability for its proportionate share of the net pension liability that reflected a reduction for support provided to the School by the State of Georgia for certain public school support personnel. The amount recognized by the School as its proportionate share of the net pension liability, the related State of Georgia support, and the total portion of the net pension liability that was associated with the School were as follows:

| School's proportionate share of the net pension liability | \$ 4,328,240 |
|---|-----------------|
| State of Georgia's proportionate share of the net pension liability | |
| associated with the School | - |
| Total | \$ 4,328,240 |
| | |

CPAThe net pension liability was measured as of June 30, 2021. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2020. An expected total pension liability as of June 30, 2020, was determined using standard roll-forward techniques. The School's proportion of the net pension liability was based on contributions to TRS during the fiscal year ended June 30, 2021. At June 30 2021, the School's proportion was 0.048938%, which was an increase (decrease) of 0.006191% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the School recognized pension expense of \$409,425 and no revenue for support provided by the State of Georgia for certain support personnel. At June 30, 2022, the School reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | | | Deferred nflows of Resources |
|--|--------------------------------|-----------|----|------------------------------------|
| Difference between expected and actual experience | \$ | 1,032,856 | \$ | - |
| Changes of assumptions | | 837,717 | | - |
| Net difference between projected and actual earnings | | | | |
| on pension plan investments | | - | | 6,330,992 |
| Changes in proportion and differences between School | | | | |
| contributions and proportionate share of contributions | | 1,075,035 | | 780,952 |
| School contributions subsequent to the | | | | |
| measurement date | | 1,130,325 | | |
| Total | \$ | 4,075,933 | \$ | 7,111,944 |

School contributions subsequent to the measurement date of \$1,130,325 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2022.

2. RETIREMENT PLAN - CONTINUED

Other amounts reported as deferred outflows of resources and deferred inflows of resources (\$4,075,933 - \$7,111,944 = (\$3,036,011)) related to pensions will be recognized in pension expense as follows:

For the Year Ending June 30:

| 2023 | \$ 350,316 |
|------------|----------------|
| 2024 | (844,748) |
| 2025 | (1,165,867) |
| 2026 | (1,375,712) |
| 2027 | - |
| Thereafter | - |
| | \$ (3,036,011) |

Actuarial Assumptions

The total pension liability as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50%
Salary increases, including inflation 3.00 – 8.75%
Investment rate of return 7.25%, net of pension plan investment expense, including inflation expense, including inflation 1.50%, semi-annually

Post-retirement mortality rates for service retirements and beneficiaries were based on the Pub-2010 Teachers Headcount Weighted Below Median Healthy Retiree mortality tables (ages set forward one year and adjusted 106%) with the MP-2019 Projection scale applied generationally. The rates of improvement were reduced by 20% for all years prior to the ultimate rate. Post-retirement mortality rates for disability retirements were based on the Pub-2010 Teachers Mortality Table for Disabled Retirees (ages set forward one year and adjusted 106%) with the MP-2019 Projection scale applied generationally. The rates of improvement were reduced by 20% for all years prior to the ultimate rate. The Pub-2010 Teachers Headcount Weighted Below Median Employee mortality table with ages set forward one year and adjusted 106% was used for death prior to retirement. Future improvement in mortality rates was assumed using the MP-2019 projection scale generationally. These rates of improvement were reduced by 20% for all years prior to the ultimate rate.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2013 – June 30, 2018, with the exception of the long-term assumed rate of return on assets (discount rate) which was changed from 7.50% to 7.25%, and the assumed annual rate of inflation which was changed from 2.75% to 2.50%, effective with the June 30, 2018 valuation.

2. RETIREMENT PLAN - CONTINUED

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The most recent target asset allocation and best estimates of arithmetic real rates of return for each major asset class based on the most recent experience study adopted by the Board are summarized in the following table:

| Asset class | Target allocation | Long-term expected real rate of return* |
|---------------------------------------|-------------------|---|
| Fixed income | 30.00 % | (0.08) % |
| U.S. large stocks | 46.30 | 9.30 |
| U.S. small stocks | 1.20 | 13.30 |
| International developed market stocks | 11.50 | 9.30 |
| International emerging market stocks | 6.00 | 11.30 |
| Alternatives | 5.00 | 10.60 |
| Total | 100.00 % | |

^{*}Rates shown are net of inflation

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

2. RETIREMENT PLAN - CONTINUED

Sensitivity of the School's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the School's proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the School's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.25%) or one-percentage-point higher (8.25%) than the current rate:

| | 1% | | Current | 1% |
|-------------------------------------|------------------|----|-------------|-------------------|
| | Decrease | di | scount rate | Increase |
| | (6.25%) | | (7.25%) | (8.25%) |

Schedule of Proportionate Share of Net Pension Liability

| | 2022 | 2021 | 2020 | 2019 | 2018 | 2017 | 2016 |
|--|--------------|---------------|---------------|--------------|--------------|--------------|--------------|
| School's proportion of the net pension liability | | 0.042747% | 0.049999% | 0.049940% | 0.047855% | 0.044251% | 0.033763% |
| School's proportionate share of the net pension liability | \$ 4,328,240 | \$ 10,354,997 | \$ 10,751,137 | \$ 9,269,934 | \$ 8,893,999 | \$ 9,129,475 | \$ 5,140,081 |
| State of Georgia's proportionate share of the net pension liability associated with the School | | | | | | <u>-</u> _ | <u>-</u> _ |
| Total | \$ 4,328,240 | \$10,354,997 | \$ 10,751,137 | \$ 9,269,934 | \$ 8,893,999 | \$ 9,129,475 | \$ 5,140,081 |
| School's covered-employee payroll | \$ 5,703,786 | \$ 6,935,795 | \$ 5,847,450 | \$ 6,147,829 | \$ 5,573,638 | \$ 5,560,911 | \$ 4,880,750 |
| School's proportionate share of the net pension liability as a percentage of | | | | | | | |
| its covered-employee payroll | 75.88% | 149.30% | 183.86% | 150.78% | 159.57% | 164.17% | 105.31% |
| Plan fiduciary net position as a percentage of the total pension liability | 92.03% | 77.01% | 78.56% | 80.27% | 79.33% | 76.06% | 81.44% |

Note: Schedule is intended to show information for the last 10 fiscal years. Additional years will be displayed as they become available.

2. RETIREMENT PLAN - CONTINUED

Changes of Assumptions

In 2010 and later, the expectation of retired life mortality was changed to the RP 2000 Mortality Tables from the 1994 Group Annuity Mortality Table. In 2010, rates of withdrawal, retirement, disability and mortality were adjusted to more closely reflect actual experience. In 2010, assumed rate of salary increases were adjusted to more closely reflect actual and anticipated experience. On November 18, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to rates of mortality, retirement, withdrawal and salary increases. Effective with the June 30, 2018 valuation, the long-term assumed rate of return on assets (discount rate) was changed from 7.50% to 7.25%, and the assumed annual rate of inflation was changed from 2.75% to 2.5%. In 2019 and later, the expectation of retired life mortality was changed to the Pub-2010 Teachers Headcount Weighted Below Median Healthy Retiree mortality table from the RP-2000 Mortality Tables. In 2019, rates of withdrawal, retirement, disability and mortality were adjusted to more closely reflect actual experience.

Method and Assumptions Used in Calculations of Actuarially Determined Contributions

The actuarially determined contribution rates in the schedule of employer contributions are calculated as of June 30, three years prior to the end of the fiscal year in which contributions are reported (June 30, 2021 employer contributions were determined on the June 30, 2018 valuations).

The following actuarial methods and assumptions were used to determine the contractually required contributions for the year ended June 30, 2022 reported in that schedule:

Actuarial cost method
Amortization method
Remaining amortization period
Asset valuation method
Inflation
Salary increases
Investment rate of return

Post-retirement benefit increases

Entry age
Level percentage of payroll, closed
25.6 years
Five-year smoothed fair
2.50%
3.00 – 8.75%, including inflation
7.25%, net of pension plan investment
expense, including inflation

1.50% semi-annually
