OPERATIONS

Sisterhood Scholarship Service

GENERAL OPERATIONS

We have a new SRO!!!

- Lt. Clemente is with the Dekalb County Sheriff's department and comes to us with a plethora of law enforcement experience and wisdom

Safety Drills

- School Safety Drills (fire) including scholars will commence the week of April 26th both A & B hybrid groups

After school Program

- Our after school program has commenced for 5th-8th graders hosted by Afterschool Allstars and the Ivy Pearls program for the K-4th grade

Needlepoint Bipolar Ionization

What is it?

Needlepoint bipolar ionization (NPBI) leverages an electronic charge to create a high concentration of positive and negative ions. These ions travel through the air continuously seeking out and attaching to particles. When ions come into contact with pathogen particles, they disrupt the surface proteins rendering them inactive. As these particles become larger, they are more easily filtered from the air.

- Larger filtered particles keep coils cleaner = less energy consumption
- Efficient HVAC operation= increased air exchange rate
- Global Plasma Solutions (GPS) is the industry leader in (NPBI)
- 99.4% reduction rate on SARS-CoV-2 (COVID-19) surface
